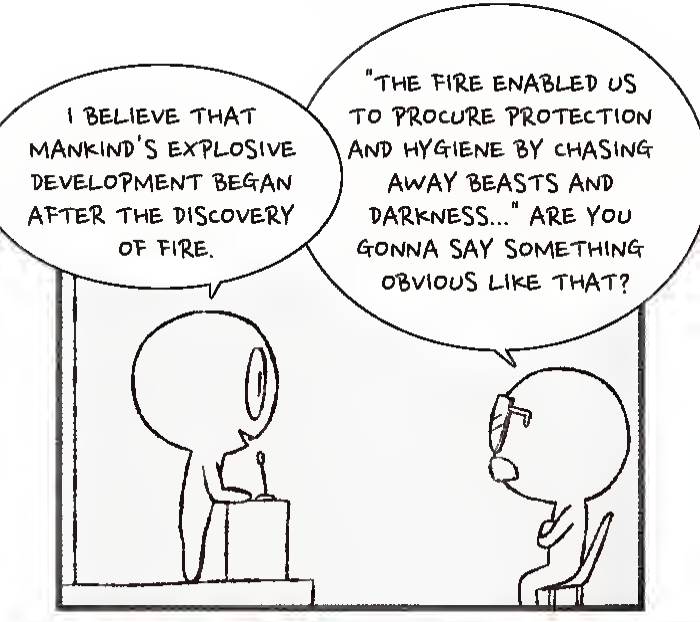
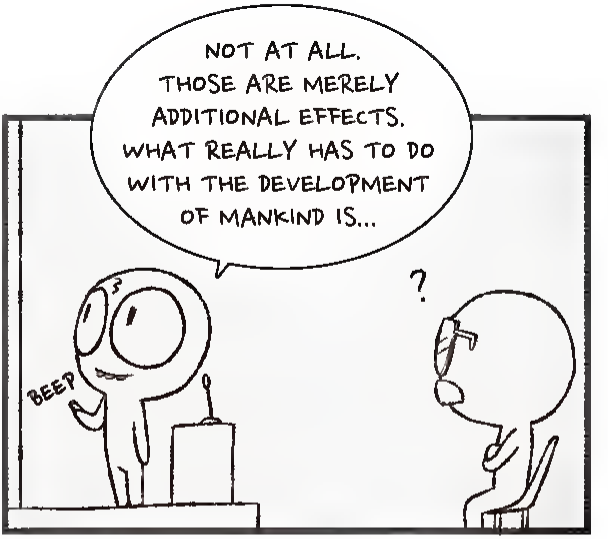
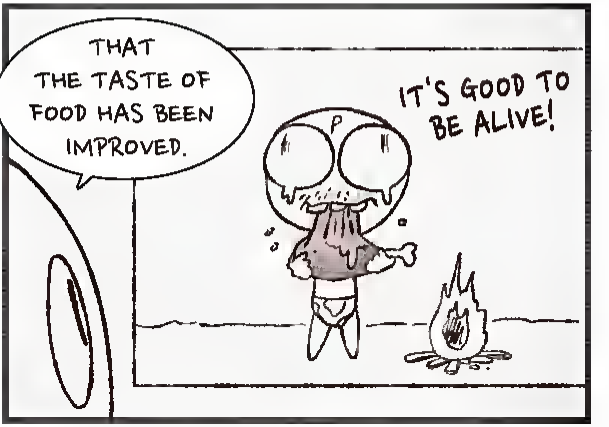
FIRE TALE



I BELIEVE THAT MANKIND'S EXPLOSIVE DEVELOPMENT BEGAN AFTER THE DISCOVERY OF FIRE.
"THE FIRE ENABLED US TO PROCURE PROTECTION AND HYGIENE BY CHASING AWAY BEASTS AND DARKNESS..." ARE YOU GONNA SAY SOMETHING OBVIOUS LIKE THAT?



NOT AT ALL.
THOSE ARE MERELY ADDITIONAL EFFECTS.
WHAT REALLY HAS TO DO WITH THE DEVELOPMENT OF MANKIND IS...
BEEP
?



THAT THE TASTE OF FOOD HAS BEEN IMPROVED.
IT'S GOOD TO BE ALIVE!

AS WE KNOW THAT MEAT BECOMES
TASTIER WHEN COOKED OVER THE FIRE,

OUR DETERMINATION BECAME STRONGER
